Dear Dr. Bear,
My name is Peggy Chase and I live
in Roselle, IL.

After I had a hip replacement by
Dr. Kuensis, some of your nurses and two
of your physical therapists came to my home
for two weeks and gave me superior care.
In my lifetime, I have never met an
entire group of people who are so pleasant and
friendly as well as professionally ac-
complished as all my care givers were.
I am profoundly grateful to them and to
you as their leader.

Peggy Chase
